## Childhood's Terrible Nerve Tisease

detting Fearful'y Common. Epidemic Among Children.

yow it Comes On and How to Detect Its Approach.

Nerves of Children Delicate and Must be Fed.

Dr. Greene's Nervura Makes Them Strong and Well.

The signs of nerve disorders in children are plain. There will be a pale look, darkness under the eyes pinched features and restlessness, irritability and nervousness. The appetite is irregular, the sleep restless and disturbed, with tossing from side to side, starting in sleep, gritting the teeth, there is indisposition to play, the child remaining quiet and inactive, and complaining of freing tired. These are the first symptoms and should be attended to at once, in order to check serious trouble.

If St. Vitus dance or the are to result, there will be an unnatural, rapid wit king of the eyelids, an involuntary witching of the face land, arm, log or some portion of the body, the pale pinched look will be more marked, and the nervousness will grow rapidly worzed if treatment is delayed, there is featful danger of serious and fatal prestration of the nervousness with give their children suffering from any of the above symptoms. Dr. Greene s Nervara blood and nerve remedy, they will be as rejoiced as Mrs. F. B. Danforth, of We Everett St. Matden, Mass., whose little daughter has been cured by this medicine of severe St. Vitus' dance.

Rill Nye's Lecture The Steamship

Rill Nye's Lecture The Steamship Rappalannock and Other Notes.
Newport News, Va., Oct. 23.—(Special.)—Bill Nye, the famous writer and humorist, accompanied by Bert Poole, of Boston, was greeted by the largest crowd at Johnson's Hall last night that has been seen there for some time, but a crowd with less enthusiasm could hardly have been found. Everybody sat apparently awaiting something witty from Mr. Nye, and there was not a spirited appliance during the evening.

a spirited appliance during the evening.

The steamship Rappahannock, which entered this port to-day, had on board four stowaways-two Germans, one Englishman, and one American. The Germans claim that they thought they were boarding the ship in Liverpool for diel own country. They were hand-daffed and iodged in juil, and will be taken back with the ship in a week. The Eaglishman and American were set free. The latter says that he is a sphew of a wealthy Californian, to which State be is en route.

Senator John W. Daniel Will Talk to the People of the City of Manchester.

THE VIRGINIA MILITARY AT ATLANTA.

the Virginia Millia Anxious to Know What Company and How Many of Them Will Be Sent to Lunenburg The Arrest of Gibson Charged with Using the Mails to Defraud.

Richmond, Va., Oct. 23.—(Special.)—Senator John W. Daniel will speak in Manchester to-morrow night. It will be the only political address he will make in this section of the State during the campaign. For the first time in many years he will not be heard in Richmond. But hundreds of Richmond people will cross the river to listen to him. It is safe to say in advance that Leader thall will not hold anything like the people who will apply for admittance.

The news that Ross Hamilton and Richard Jones, both negroes and exmembers of the Legislature, denounced the white Republicans and advised the negroes to vote the straight Democratic ticket in Mecklenburg, is interesting. Should anyone ten years ago have predicted that the time eyer ould come when Hamilton would tell his people to vote against the Republicans he would have been regarded as a fit subject for an mean asytum. Ross was one of the most radical men in his party, and hated the Democrats with all his hatting power. The name of Ross Hamilton used to be sufficient to rally the white men of the Fourth district around the Democratic flag. The change that has come over him was quite unexpected to everybody. The secret of it probably is this. Now that General Mahone is dead, the leading negro Republicans propose to have a hand in running things and in order to bring the white leaders to terms propose to show their independence.

I am told that ex-Delegate Morgan Treat, of West Point, was the author of the resolution adopted by the Kim William Republicans yesterday cu-dorsing Colonel Lamb for the State chairmanship. Mr. Treat is a great admirer of Mr. Lamb, and is is said proposes to boom him for the place.

People here are much pleased with the splendld manner in which the Vir-agnians were treated yesterday in At-lanta. It is a matter of great joy to all that Col. Nash was there with the Fourth Regiment, for had this organi-gation not gone Virginia would have made a bad showing from a military standpoint.

The military people here are much interested in the matter of what company or companies the Governor will send to Lanenburg on the 11th to protect the alleged murderers of Mrs. Pollard. It is thought he will send only one command this time. By the way, many of the Governor's best friends here think he has made a mistake in deciding to furnish military protection after the Lanenburg people will not resort to any acts of violence.

Mary E Diviorit.

The winter my little daughter was reven, she says. She had a long run of rheumatic fever. Then the St. Vitus dance came on, and she got so bad she could hardly walk or taik. Several doctors treated her, but did not help her. It tried several remedies, and as location for the most year it came on again in a Worse form than before.

"I tried several teams on again in a Worse form than before.

"I tried by Greene's Nervura blood and nerve remedy, and I could see a change for the better before she had taken the first bottle. She took three bottles regularly, and since then I have given it to her when she got tired and was restless at night, but there is now no sign of the St. Vitus dinace about her he all those who are suffering in a similar manner.

It is only necessary to say that br. Greene's Nervura blood and nerve remedy harmless, and may be given to slessless, restless infants, nervous children, or the most delicate invalids with absolute assurance of hencheal results. It is indeed a wonderful medicine for children, because it makes them strong, healthy, vigorous and well.

It has what no other remedy has, a well-known physician responsible for its good action and effects. It is indeed a wonderful medicine for children, because it makes them strong, healthy, vigorous and well.

urgent call for it from every bright, progressive woman. To sell Pearline, it isn't necessary to exaggerate its virtues. Perhaps that couldn't easily be done. But even without telling of them all, there's enough to prove it the easiest, quickest, safest and most economical thing you can use, in all washing and cleaning.

Beware Peddlers and some unscrupulous grocers will tell you, "this is as good as " or " the same as Pearline". IT'S FALSE-Pearline is never peddled; if your grocer sends you an imitation, be honest—rend it back. 468 JAMES PYLE, N.Y.
